MOBIMONEY

Put your card and your phone together and you have MobiMoney, the mobile app to manage your card anywhere, anytime. MobiMoney comes with card controls to help keep your money safe!

- Transaction Alerts
- Card ON/OFF
- Spending Limits
- Location Controls
- Receipt Organization
- & More!

DOWNLOAD THE APP

Activate your debit/credit card. Download the MobiMoney app and enter your 16 digit card number and the last 4 digits of your social security number.

You can add multiple cards with the app, your debit, credit card, joint owners or children's cards. Go to the Manage Portfolio Menu and click Add Card.

FRAUD PREVENTION

Transaction Alerts

Prevent fraud by setting up notifications when your card is used. If something comes in that you didn't authorize you can turn your card off to prevent any more fraudulent activity from taking place. This is also a great way to keep track of purchases on joint or children's accounts.

Location Controls

Set up location services and your card can only be used in the same GPS area as your phone.

Merchant Types

Choose the types of merchants you will allow transactions from like travel, restaurants, gas stations etc.

Transaction Controls

Select the type of transactions that will or will not be approved on your card. ATM, Phone/Mail, Auto Pay, e-commerce & Mobile Wallet are a few of the transactions you can turn off!

Spending Limits

By setting spending limits you can deny a purchase if the amount exceeds your desired limits. This is also a great way to limit the amount your child spends on their card.
