Savings Accounts

Your regular savings account establishes your membership with the credit union and makes you eligible for our other products and services. We also offer Special Savings accounts that allow you to keep the money you're saving separated so you know just how much you've saved for that next vacation, wedding or home improvement.

Funds Manager

The Funds Manager account allows you to save money in a separate account and earn a higher rate of return than a regular savings account. The more you save the more you earn with tiered rates.

My Smart Checking

My Smart Checking is Public Service Credit Union's one and only checking account. It offers all the benefits you could want from a checking account, plus it earns a great rate when you meet 3 easy requirements.

1st requirement: Have 10 signature based debit card transactions clear your account per month. Look for DBT in your account history to make sure your transactions qualify.

2nd requirement: Receive e-statements

3rd requirement: Have one ACH deposit or withdraw from your checking account every calendar month.

Overdraft Options

One little mistake in your checking can lead to an overwhelming amount of fees. That's why we offer several options to help you save money!

Overdraft Transfers- Money is transferred from your other accounts at the Credit Union. You pay a small fee each time we make a transfer for you.

VISA Overdraft Protection- Use your PSCU VISA as protection for any overdrafts you may have. We'll automatically transfer the money to your checking and you only pay interest on the balance until you pay it back.

MY ODP Overdraft Privilege- We honor transactions that overdraw your account up to \$500. There is a fee for each transaction that takes your account under the available balance but your transactions aren't returned.

Share Certificate

Share Certificates are an ideal investment when you're looking for a guaranteed return over a specific amount of time. Plus the rates are usually higher than a savings account.

Payroll Certificate

Having trouble saving money? Opening a payroll certificate is an easy way to save for the future. It pays a higher interest rate without a large initial deposit requirement. You can open a payroll certificate with as little as \$20 and you'll start earning interest right away! Money is automatically transferred to your payroll certificate each time your direct deposit comes in. you can save as little or as much as you want.
